

The first hint is close to the room 11.

Talk to each other about your nicknames and explain how were they born and who gave them to you. Make a list of nicknames, you will give it to the secret agent later on.

The next hint is near the public phone that is situated under the stairway.

Create your secret code (one word) and scream it together as loud as you can.

Write it among the task data.

The next hint you will find in the Creamy room, close to the TV.

Create a song having at least 8 lines that rhyme with the following words: “time, future, go”.

The next hint is near the copy machine.

You are not far from the reception so ask what are the names of staff that will be taking care of us (house keeper, chef, etc) and when was this place founded.

Then return to the secret agent.

Run to the terrace outside (next to dining room, where the chairs are), find a hint there. (Hidden not far then 5 meters in diameter from the middle of the terrace).

Stand in small circle (close to yourselves) and stay for three minutes without any movement (as you would be a statue). You can't move whatever happens.

Go to the dining room and find the hint (to help you searching: "table has 2 sides")

Go outside, from the entrance right, then straight to the fence. Count how many sheep there is then create a common statue of all of you and take a photo the statue. Beware that at the picture only four legs touching the ground can be seen. After this task will be done return to the secret agent.

Congratulations! Mission impossible  
accomplished!
